Pickup Date: _____

Pickup Time: _____

Next Payment Due Date: _____

Next Payment Due Time: _____

Actual Return Date & Time: _____

2. Rental Term

This is a week-to-week vehicle rental agreement. The rental begins on the Pickup Date and Pickup Time listed in this Agreement.

Rent is due every seven (7) days thereafter on the same day of the week and at the same time as the Pickup Date and Pickup Time, unless otherwise agreed in writing.

This Agreement automatically renews in successive seven (7) day periods each time a weekly payment is accepted, unless the vehicle is returned and accepted by Owner or the Agreement is otherwise terminated according to its terms.

This is not a fixed-term rental with a guaranteed final return date unless Owner and Renter separately agree to one in writing.

Rent remains due each week unless and until the vehicle is physically returned to Owner and accepted by Owner.

3. Rental Rate and Payment Terms

Weekly rent is \$_____, unless otherwise agreed in writing, payable in advance every seven (7) days at the pickup day and time.

Daily late fee: If full rent is not sent by the due date/time, \$50.00 accrues per completed 24-hour period while rent is overdue and Renter retains the Vehicle. Partial payments do not stop accrual unless Owner agrees to a written payment plan.

Sent means verifiable, successful submission using an approved payment method. Failed, cancelled or returned transfers are not payment. Timely bank-processing delay alone does not create a late fee.

Limit one \$50.00 fee per Vehicle per 24-hour period; do not stack missed weeks or charge late fees on late fees. Accrual stops when overdue rent is sent or the Vehicle is physically returned or recovered. Accrued lawful fees remain due.

Legal review required: Collect only reasonable, lawful charges, subject to mandatory grace periods and limits. Have this daily-fee proposal reviewed by New Jersey counsel before enforcement. Nonpayment may result in termination and lawful vehicle recovery.

No refund is owed for unused rental time after a rental week has started, except as otherwise required by applicable law.

4. Security Deposit

Security Deposit Required: Yes / No

Amount (if any): \$_____

If no security deposit is collected, Renter remains fully responsible for all unpaid rent, late fees, tolls, tickets, violations, damage, cleaning charges, towing, recovery costs, insurance deductibles, loss, or theft.

5. Authorized Driver

Only the Renter named in this Agreement may operate the vehicle unless Owner gives prior written approval for an additional driver.

Renter may not lend, sublease, assign, or otherwise transfer possession or use of the vehicle to any other person.

Unauthorized use is a material breach of this Agreement.

6. Driver License and Eligibility

Renter certifies that their driver's license is valid, current, and not suspended, revoked, or restricted in a manner that would prevent lawful operation of the vehicle.

Renter agrees to immediately notify Owner if their license status changes or if any legal or medical restriction arises that affects their ability to drive lawfully.

7. Prohibited Uses

The following uses are prohibited:

- illegal activity of any kind;
- reckless, careless, or negligent driving;
- racing, speed contests, or stunts;
- towing or pushing other vehicles or trailers unless approved in writing;
- operation while under the influence of alcohol, drugs, or any impairing substance;
- use by an unauthorized driver;
- use outside the State of New Jersey without prior written approval from Owner; and
- use in violation of this Agreement or any law.

A violation of this section is a material breach of this Agreement.

8. Out-of-State Use

Renter must request and obtain Owner's written approval before leaving New Jersey. Approval must identify the destination and travel dates; asking after departure does not authorize the trip.

Approved trip: \$35.00 per trip. Unapproved trip: \$100.00 per trip, to the extent reasonable and lawful. Owner may also terminate unauthorized use and lawfully recover the Vehicle. Charge either \$35.00 or \$100.00, not both, for the same trip. One trip runs from departure from New Jersey until return; GPS alerts alone do not create extra trips.

Actual tolls and tickets are separate under Section 10. Approval does not extend insurance coverage or permit otherwise prohibited use.

9. Insurance and Liability

Section 9 continues on the next three pages and forms part of this Agreement. Actual on-rental and approved gig-use coverage must be verified before vehicle release or driving. The weekly rate and Owner's routine-maintenance duties are unchanged.

9. Insurance and Liability (continued)

9A. Road-compliance policy and coverage limits

Owner describes its Roamly-arranged policy as liability-only road-compliance coverage for off-rental periods, not insurance for Renter's possession or use. This description must be verified against the actual insurer's policy and written confirmation. It does not promise on-rental liability, collision, comprehensive, theft or other physical-damage protection. The issued policy, endorsements, limits and exclusions control. Listing Renter as an authorized driver does not by itself establish coverage.

9B. Optional extra third-party insurance (such as Bonzah)

Owner will offer optional extra third-party on-rental insurance through a licensed provider, such as an eligible product offered through Bonzah, subject to availability and underwriting. Bonzah is an example, not a coverage guarantee. Record the actual insurer/product, premium, permitted uses, limits, exclusions and deductibles in the Insurance Election Schedule. Verify coverage for the full rental period and any approved gig work. "Full coverage" means only the stated coverages, not every loss. ACCEPT records Renter's election, not insurance issuance; any purchase or charge requires signed acceptance, the provider's purchase/binding process and coverage confirmation. This Agreement is not an insurance policy or damage waiver.

9C. At-fault accident liability, third-party claims and reporting

If Renter declines the offered extra insurance and is found at fault in an accident, Renter is responsible, to the extent permitted by law, for third-party bodily injury, property damage and related civil liability attributable to Renter's fault, including lawful judgments, authorized settlements and reasonable claim costs recoverable under Section 21. Renter is also responsible for damage to Owner's Vehicle as limited by Section 9D. The vehicle-loss limits do not cap separate third-party liability.

Renter must comply with Section 12 and applicable accident-reporting law, promptly notify Owner and the applicable insurer, cooperate truthfully with police and insurers, and promptly forward police reports, claim demands, summonses and court papers to Owner and the applicable insurer. These reporting duties apply regardless of the insurance election or fault.

Responsibility arises from Renter's conduct and applicable law, not merely from declining coverage. This Agreement does not bind an injured third party, determine a police report's findings, prevent a lawsuit against Owner, or excuse Owner's own negligence or nonwaivable reporting, insurance and safety duties. Required rental-use coverage must be verified before vehicle release or driving.

9. Vehicle Loss and Legal Limits

9D. At-fault vehicle loss: repair OR total loss

If Renter declines the offered extra insurance and is found at fault in an accident, the following alternative limits apply to damage to Owner's Vehicle, to the extent permitted by law:

Repairable damage: Renter must pay Owner reasonable, documented costs necessary to repair accident damage, up to \$1,000.00 per accident.

Total loss: If the Vehicle is documented as a total loss by the applicable insurer or a qualified independent appraiser, Renter must pay Owner the lesser of \$2,500.00 or Owner's documented uncompensated loss based on the Vehicle's actual cash value immediately before the accident. The \$2,500.00 total-loss limit applies **instead of, not in addition to**, the \$1,000.00 repair limit. Any amount already paid toward repairs for the same accident counts toward the total-loss limit.

Credit insurance payments, third-party recoveries and salvage proceeds or retained salvage value against the same loss, without counting a credit twice. Provide Renter the supporting fault determination, repair documentation or total-loss valuation and credits. Neither amount is an automatic fee. There is no charge under this section for a not-at-fault accident and no double recovery.

These amounts are contractual vehicle-loss responsibility payable to Owner, not insurance or an insurance-policy deductible. These limits control conflicting general vehicle-damage terms for the same accident; they do not limit separate lawful third-party liability or tolls and tickets.

9E. Graves Amendment - 49 U.S.C. 30106

Owner preserves the Graves Amendment's protection against liability imposed solely because Owner owns a rented or leased vehicle, when the statutory conditions are met. Those conditions include engaging in the business of renting or leasing motor vehicles and no negligence or criminal wrongdoing by Owner or its affiliate. The statute does not override state financial-responsibility or liability-insurance requirements, excuse Owner's own negligence or wrongdoing, or prevent a lawful claim. This provision creates no additional immunity and does not require Renter or an injured third party to waive a right that cannot lawfully be waived. Section 21 is subject to these limits.

9F. Insurance Election Schedule

Record the actual third-party offer (e.g., Bonzah) and select one choice before signing or vehicle release. Attach provider disclosures and written coverage confirmation. Acceptance alone does not purchase or activate coverage; blank entries do not authorize charges.

10. Tolls, Tickets, Violations, and Administrative Charges

Renter is solely responsible for all tolls, parking tickets, traffic violations, camera citations, fines, penalties, impound fees, and related charges incurred during the rental period, regardless of when such charges are issued.

Owner may invoice these actual charges with supporting bills. Any processing fee must be reasonable and disclosed in advance in writing. Itemize Section 8 fees separately; do not duplicate the same expense or processing charge.

11. Vehicle Condition, Maintenance, and Inspection

The vehicle is delivered in its current condition as shown in the pickup video recorded by Owner at or before the time of delivery.

By taking possession of the vehicle, Renter acknowledges that the vehicle's visible condition at pickup is as shown in the video recorded by Owner and accepted at the time of delivery.

AS IS - condition accepted at pickup: Renter accepts the Vehicle's visible condition as shown in the pickup video and any written disclosures, after an opportunity to inspect it. Disclosed pre-existing damage and normal wear are part of that accepted condition; Renter is not charged for that damage. Owner does not guarantee uninterrupted service or gig-work income. This clause does not excuse Owner's negligence, concealed defects or unlawful conduct, waive nonwaivable safety or warranty rights, or change Owner's routine-maintenance duties below.

Renter must immediately stop using the vehicle and notify Owner if any warning light, overheating, fluid leak, abnormal noise, drivability issue, or mechanical problem occurs. Continued operation after a known or suspected problem may make Renter responsible for resulting damage to the extent permitted by law.

Renter is responsible for any mechanical damage caused by misuse, neglect, unauthorized repairs, prohibited use, failure to report a problem promptly, continued driving after warning signs, lack of required fluids due to Renter's actions, collision, curb impact, road hazard, overheating, or operation contrary to instructions.

Owner may require the vehicle to be inspected, repaired, or removed from service at any time if a safety or mechanical issue is suspected.

For any rental lasting longer than thirty (30) days, Renter must present the vehicle every thirty (30) days, or sooner if reasonably requested, to a mechanic or repair facility designated by Owner for inspection, routine maintenance, and service. Renter agrees to make the vehicle available at the scheduled time and to cooperate reasonably with this requirement.

Owner is responsible for routine maintenance and normal service costs, unless the need for repair or service was caused by Renter's misuse, neglect, damage, prohibited use, accident, failure to timely report a problem, or continued operation after warning signs or mechanical issues arise. Failure to present the vehicle for required inspection or maintenance is a material breach of this Agreement.

12. Accident and Incident Reporting

In the event of an accident, theft, vandalism, collision, police stop involving impound risk, or other serious incident, Renter must:

- notify Owner as soon as possible;
- contact law enforcement when required by law or when reasonably necessary;
- provide photographs, location, and incident details;
- cooperate with Owner and any insurer in the investigation and handling of the claim; and
- not abandon the vehicle.

Failure to comply with this section may constitute a material breach of this Agreement.

13. GPS Tracking and Recovery

Renter acknowledges and consents that the vehicle may be equipped with GPS tracking, telematics, or other monitoring systems for location tracking, compliance verification, theft prevention, and vehicle recovery.

If Renter materially breaches this Agreement, Owner may recover the vehicle by lawful and peaceful means, to the fullest extent permitted by law. Renter is responsible for reasonable recovery, towing, storage, and related costs resulting from such breach.

14. No Smoking / No Vaping / No Marijuana Use

Smoking, vaping, marijuana use, or use of any tobacco or nicotine product inside the vehicle is strictly prohibited.

Documented evidence of smoking or vaping may result in a \$100.00 charge, only to the extent reasonable and lawful. Credit that payment toward cleaning or repair of the same damage; charge only documented actual costs above that amount. Do not charge the same cleaning or damage again under Section 15.

15. Vehicle Return Condition

Vehicle must be returned in substantially the same cleanliness and condition as delivered, normal wear excepted.

Charge reasonable, documented cleaning costs for excessive contamination: up to \$150.00, or actual documented costs if higher, not both. Credit smoking/cleaning payments for the same work under Section 14; no double charging.

16. Fuel Policy

Vehicle must be returned with the same fuel level as provided at pickup. If not, Renter will be charged for refueling plus a **\$25.00 service fee**.

17. Abandoned Vehicle

If the vehicle is left unattended, unpaid, or unrecoverable for more than forty-eight (48) hours without communication, Owner may treat the vehicle as abandoned to the extent permitted by law, and Renter remains responsible for all towing, storage, recovery, and related costs.

18. Personal Property

Owner is not responsible for personal property left in the vehicle. Owner may, but is not required to, make reasonable efforts to allow recovery of personal property left behind.

19. Payment Authorization

Renter authorizes Owner to charge or invoice any payment method on file for amounts due under this Agreement, including rent, late fees, tolls, tickets, administrative charges, cleaning charges, refueling charges, damage charges, towing, recovery, storage, and deductible amounts, together with supporting documentation when reasonably available.

20. Termination

This Agreement remains in effect until the vehicle is physically returned to Owner and accepted by Owner.

Owner may terminate this Agreement for material breach, including nonpayment, unauthorized driver use, prohibited use, false information, unauthorized out-of-state travel, abandonment, or other serious violation.

Termination does not relieve Renter of liability for obligations or charges arising before return and acceptance of the vehicle.

21. Indemnification

To the extent permitted by law, Renter must indemnify Owner, Vud00m Rental Cars LLC, and Anthony Daconceicao for reasonable third-party claims and costs, including reasonable attorney's fees, caused by Renter's negligent, unlawful or prohibited use or material breach. This excludes Owner's or its personnel's negligence, criminal wrongdoing and nonwaivable duties, and does not reduce third-party rights or mandatory insurance obligations.

22. Legal Fees and Collection Costs

If Owner must take action to collect amounts owed or enforce this Agreement, Renter agrees to pay reasonable attorney's fees, court costs, collection costs, and administrative expenses to the extent permitted by law.

23. Governing Law and Venue

This Agreement shall be governed by the laws of the State of New Jersey.

Any legal action relating to this Agreement shall be brought in a court of competent jurisdiction in New Jersey, unless applicable law requires otherwise.

24. Entire Agreement

This Agreement, together with any signed vehicle check-out/check-in form, payment receipt, and written addenda, constitutes the entire agreement between the parties.

No oral statements change this Agreement. Any modification must be in writing and signed by both parties.

25. Compliance With Law

Nothing in this Agreement is intended to waive any right or protection that cannot legally be waived under applicable law. Any unenforceable provision shall be limited or severed to the minimum extent necessary, and the remainder of the Agreement shall remain in effect.
